HOW TO DIAL CORRECTLY

Please do not confuse the letters I and O with the figures ONE and ZERO.

EMERGENCY CALLS

The quickest way to report a fire or other emergency is to dial the number direct. A convenient space for entering such important numbers is provided below. However if you do not know the number, dial Operator and say: "I want to report a fire," "I want a policeman," or "I want an ambulance". Then tell the Operator where help is needed—giving the telephone number, street address, and the town or community from which you are calling.

ON THE COVER . . .

Built in 1775, the old Enfield Town Hall was originally the Congregational church and stood on the same land as the present church. When the present church was built in 1849, the old hall was moved across the street to its present location. It was not turned around, however, so the part of the building now facing Enfield Street was originally the rear. The porch was added after the move, and visitors can still see where boards for the second floor were laid across what had been the church's gallery. No longer used for city business, the building has been maintained for the past 40 years by the Enfield Town Hall Community Association, Inc.

NUMBER FINDER

Save time! Jot down here the telephone numbers you're likely to call again. They'll save you many calls to local "Information" . . . and your long distance calls go through twice as fast when you give the number. Remember it's "112" to dial straight through.

BUSINESS OFFICE

Hours: 8:00 AM—5:00 PM Monday through Friday

At the company's business offices each "*service representative*" cares for a small group of customers. Your service representative is familiar with your account and present telephone service. She will gladly assist you in all matters regarding them and will refer to the manager any items requiring his personal attention.

GENERAL INFORMATION

Listen Before You Dial

Remove the receiver and listen for the dial tone—a steady humming sound. This indicates that the dial equipment is ready to take your call. Please do not dial until you hear it.

How To Dial Another Party On Your Party Line

If you wish to know the names of the other parties on your party line, dial **114—Repair Service**—give your number and ask for the other parties on your line.

If you wish to call one of the parties, dial **114—Repair Service**—to obtain instructions for dialing.

Please enter the numbers given you on the Green Number Finder in this directory.

If you experience a continual busy tone on a number you are dialing, it may be that the person you are calling is on your party line. This can be determined by dialing **114—Repair Service**.

If your bell rings upon hanging up after a busy signal, it may be that the party you were dialing is on your party line. In such case your bell will continue to ring at regular intervals until your party answers. Then remove your receiver and begin conversation. If the called party does not answer, please stop the ringing by removing your receiver for a couple of seconds.

Recording Devices

A short high “beep” tone heard on the telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation by means of a recording machine connected to the telephone line. The “beep” stops when the

recorder is disconnected. Use of a recorder without this signal is not permitted.

Party-Line Courtesy

Satisfactory party-line service depends upon the cooperative use of the service by all on the line. Please give immediate right-of-way to emergency calls.

Before you dial, make sure the line is not being used. If someone else is dialing tell him you’ve interrupted and hang up. If someone interrupts while *you* are dialing, ask the other person to hang up; then replace your telephone for a moment and dial again.

Directory Listings

Every customer may be listed once in the alphabetical section of the directory without charge. Additional listings may be arranged for at an extra charge.

The letter “b” following a name denotes that it is a business listing.

When you receive a new directory, we suggest that you check your listings. If they are incorrect, please call the Business Office so that we may change our records for the next issue and protect your service in the meantime. List frequently called numbers on Green Number Finder in this directory. List Fire and Police Numbers in box on front cover.

Bills for Service

Bills are rendered monthly and are payable upon receipt. If you pay your bill in person please bring the whole bill with you. If you pay by mail, enclose only the bill stub with your remittance.

If you wish any information about your bill, please call the Business Office (see Page 1). Bills may be paid at any Business Office of the Company. Payments may be made in person at the locations listed on Page 1.

PLACING LONG DISTANCE CALLS

STATION CALLS ARE FASTER AND CHEAPER

If you will talk with anyone who answers and—

If you can dial the place you wish to call, just follow the direct distance dialing instructions on pages 6-8. If you don’t know the number, dial “Operator” and she will connect you with Information at the place you wish to call. Then list the number on the Green Number Finder for future use.

If you cannot dial the place you wish to call, dial “Operator” and tell her the place and telephone number. If you don’t know the number, give the operator the name and address, but tell her you will talk with anyone. Then list the number on the Green Number Finder.

PERSON CALLS

Dial Operator

Person calls are those on which you ask the operator to call a particular person to the telephone or to reach a particular department or extension of a private switchboard. The timing begins when the desired person, department or extension answers. Person calls take longer to complete and the initial charge is higher than for a station call.

COLLECT CALLS

Dial Operator

If you want the charge for a call to be put on the bill of the called party, tell the operator when you make the call that it is a “Collect Call.” If someone at the called telephone agrees to accept the charges, you will be connected. Collect calls cost no more than other calls, except in the case of station calls having an initial period charge of 25c or less.

FOR FASTEST SERVICE CALL BY NUMBER
LIST FREQUENTLY CALLED NUMBERS ON GREEN NUMBER FINDER
IN THIS DIRECTORY

OCT 17 1956

PLACING LONG DISTANCE CALLS (continued)

APPOINTMENT AND MESSENGER CALLS

Appointment calls, when you ask the operator to arrange to complete a call to a particular person at a particular time, are made at the person rate. Messenger calls, when it is necessary to employ a messenger to call the designated person to the nearest telephone, are made at the person rate plus the charge made by the messenger.

MOBILE SERVICE CALLS

Many automobiles, boats, trains and trucks are now equipped for mobile telephone service. To reach an equipped vehicle, dial the operator and ask for "Mobile Service Operator."

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams, or radiograms by following the instructions shown under the telegraph company listings in this directory. The charges will appear on your telephone bill.

CALLS TO SHIPS AND FOREIGN COUNTRIES

Dial Operator

You may call from your telephone to most foreign countries, subject to such restrictions as may be enforced from time to time by the authorities of the foreign country involved. Likewise, many ships in harbor or on inland waters or the high seas may be reached from your telephone.

Some typical week-day rates, exclusive of U. S. tax, for a three-minute call from any point in Connecticut:

Australia.....	\$12.00	Italy.....	\$12.00
Bermuda.....	6.00	Japan.....	12.00
Brazil.....	12.00	Philippines (Luzon).....	12.00
France.....	12.00	Union of South Africa.....	12.00
Germany.....	12.00	United Kingdom.....	12.00
Hawaii.....	9.00	USSR.....	12.00

Reduced rates apply on calls to many countries during certain night hours and on Sunday.

FOR RATES SEE INSIDE BACK COVER

The Yellow Pages of This Directory ---- Your Buying Guide

The classified section of this directory—The Yellow Pages—includes the name, address, and telephone number of all business telephone customers in the area which this directory covers.

Businesses are listed in the Yellow Pages under headings which describe the product or service they sell. This provides you with a quick, convenient way to locate any business firm in the community. Simply look in the Yellow Pages under the proper heading. For example, if you want a carpenter, look under

Carpenters; or if you want to buy a radio, look for Radio Dealers. Under these headings you will find complete lists of the firms in each particular field, and you may make a selection according to location or other information furnished.

Periodic surveys show that 9 out of every 10 Connecticut people use the Yellow Pages. Business men know that the Yellow Pages are widely used and therefore provide much helpful information to aid you in choosing the firm to serve you.

Looking for Something? Try the Yellow Pages.

DIRECT DISTANCE DIALING

from Windsor Locks and Thompsonville Telephones
(Except coin telephones)

DIALING CONNECTICUT CALLS — BEYOND YOUR LOCAL CALLING AREA
(For local calling areas, see inside front cover.)

You can dial calls to any Connecticut telephone (except those in Broadfield, North Thompson and Pawcatuck). To call a Connecticut telephone outside your local calling area, first dial "112", followed by the two letters and five figures of the telephone number you wish to reach.

For example, if you wish to call Norwich, Conn., TUrner 3-2099

	Direct Distance Dialing Code	Two letters and five figures of the number
You would dial	112	TU 3-2099

On calls to Greenwich telephone numbers which do not have a name before the figures, please dial the two letters "GR" (for Greenwich) before dialing the five figures.

DIALING OUT-OF-STATE CALLS. To place a call to any telephone outside of Connecticut first dial "112", then dial the area code, followed by the two letters and five figures of the telephone number you wish to reach. (For list of out-of-state places you can dial and their area codes, see page 8.)

For example, if you wish to call Boston, Mass., RIchmond 2-9991

	Direct Distance Dialing Code	Area Code	Two letters and five figures of the number
You would dial	112	617	RI 2-9991

AN OPERATOR WILL ASK FOR YOUR NUMBER after you have dialed the call. Give her the complete number (name and five figures) of the telephone from which you are calling, such as "National 3-0199."

IT WILL SAVE YOU TIME AND TROUBLE to keep a list of the telephone numbers of friends and acquaintances on the Green Number Finder in the front of this directory. Whether it's a call you can dial directly or one you place through "Operator," it's twice as fast to call by number.

Direct Distance Dialing (continued)

IF YOU DON'T KNOW THE NUMBER of the telephone you want to reach, dial "Operator" and ask for Information at the place you wish to call. For example: "Please connect me with Springfield, Illinois, Information". After Information gives you the number write it down on the Green Number Finder, and hang up a moment before dialing your call.

IF YOU REACH A WRONG NUMBER ask the person who answers what place and number you have reached. Hang up for a moment. Then dial "Operator" and tell her what happened so that you won't be billed for the call.

IF YOU ARE CUT OFF or experience any other difficulty, dial "Operator" and report your trouble.

YOU WILL NOT BE CHARGED

- If you hang up before you dial the complete telephone number.
- If the telephone called is busy or doesn't answer.
- If you call "Information" in another place for a telephone number.
- If you hear a busy tone.

REMEMBER that station calls—where you are willing to speak with anyone who answers—are faster and cheaper and are the only calls which may be placed by Direct Distance Dialing.

CONTINUE TO DIAL OPERATOR FOR

- Collect calls
- Person calls
- Calls from coin telephones
- Credit Card calls
- Enterprise calls
- Station calls to places you cannot dial directly

YOU CAN DIAL DIRECT TO THESE OUT-OF-STATE PLACES AND THEIR NEIGHBORING COMMUNITIES

(From Windsor Locks and Thompsonville)

First dial 112, then the area code, followed by the first two letters and five figures of the telephone number.

I've got your number!

Just keep me in a handy place, near your telephone, and I can help you a lot.

You see, that's what I was made for, to give you correct telephone numbers. Oh yes, I can give the correct spelling of names and I can verify your neighbor's initials. But giving you correct telephone numbers is my main job.

It's always a good idea to be sure of a telephone number before you call. One wrong number wastes more of your time than it takes to look up half a dozen right numbers.

PARTY LINERS...*

A party-line spokesman named Pine,
Gave a talk about sharing the . . . ,
And his dissertation
Named "cooperation"
For making the service just . . . !

A party-line terror named Paul,
Would interrupt anyone's . . . ,
Now tempers arisen,
Folks interrupt his'n,
And no one gets service at . . . !

Oh, pity, poor party-line Ding,
Who answered the other folks . . . ,
And felt sad and lowly,
When finding out slowly,
That folks wished he'd not do that . . . !

Now here is Miss Jane de la Veach
On party lines Jane is a . . . ,
When making a series,
Of calls to her dearies,
She 'lows lots of time between . . . !

**Any similarity between these folks and someone you know, is purely coincidental.*

How to use "The Yellow Pages"

IF YOU HAVE FORGOTTEN AS A SHOPPING SERVICE

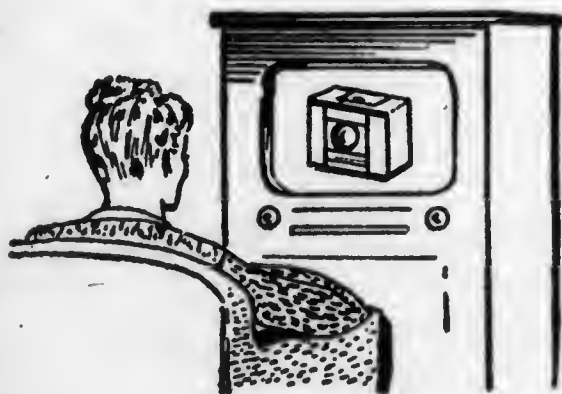

If you can't recall the name of a particular firm but do remember the location just turn to the classified heading describing their business and check the list which will show the address you recognize. If, on the other hand, you have forgotten the address but remember the name, it is very easy to locate the firm in the comparatively small group listed under each classified heading.

Shopping by telephone saves both your time and energy. Just turn to the classified heading descriptive of the product or service you desire and there you will find a convenient, alphabetical list of dealers who are equipped to fulfill your needs as courteously and efficiently as though you had visited their places of business personally.

FOR BRAND NAMES

To obtain the local dealers of nationally advertised products or services, simply turn to the classified heading descriptive of the product or service, and there you will find an alphabetical list of the distributors, dealers or agents, making it easy for you to select the one who can serve you best.

IN AN EMERGENCY

When you need help in a hurry the lists under each Classified Heading are ready and waiting to help. Just turn to the heading descriptive of the service or product you need and select the firm who can give you prompt and efficient assistance.
